Your team

Our room escape games are designed and priced for a groups of 2-5 people.

Room

Each game has a story behind. There are no clear instructions, the room almost talks to you, shares it's secrets and setups your final goal.

The goal

You use clues to puzzles while discovering room's secrets. Your goal and your reward is to find an escape.

1 hour

The room door is locked for exactly one hour. If you succeed, the doors open and you win the game!

What? It is a physical adventure game in which a small team of 2-5 participants is locked in a room and has to use elements of the room to solve a series of puzzles, find clues, and escape the room within a set time limit.

Why EscapeSF? Our team of gamers specializes in prop production, programmable micro-controllers, and game design/theory. Our goal is to provide the most realistic experience by altering your reality.
